

# David C. Langan

Branch Manager/Survey Coordinator

Mr. Langan has 28 years of extensive experience in all phases of the transportation industry. His background in the transportation industry is in both land surveying and highway design. On the land surveying side, he is experienced in all aspects of (including but not limited to) construction stake-out, topographic surveys and plans, boundary surveys and plans, subdivision plats, hydraulic surveys and plans, highway occupancy permits, and Right-of-Way plans. From the highway design end, his experience includes (but is not limited to) the design of A.D.A. curb ramps, typical sections, cross-sections, traffic control plans, signing and pavement markings plans, horizontal and vertical alignments, construction sequencing, and writing supplementary specifications as per PennDOT. He is proficient in AutoCAD, Civil 3d, MicroStation, Inroads, Open Roads, and Carlson Civil.
